

Individual School Counseling Permission Form (Child Development Specialist/Counselor – Michelle Bolinger)

Individual school counseling is offered as part of Bellview’s Comprehensive School Counseling and Child Development Program. These sessions are intended to help students overcome barriers to success, identify/understand/express feelings, learn problem solving strategies, develop social skills, and identify support systems that can help them at school.

These are NOT therapy sessions, and are only offered on a short term basis. If it is determined that your child could use additional counseling/support, a referral for community counseling will be made. If you would like more information about community counseling, please let our CDS know, and she can supply that for you.

If you give permission for your child to see our CDS/Counselor, please fill out this form and return it to either the CDS or the front office.

Sincerely,

Michelle Bolinger
Certified CDS and Licensed School Counselor
